End of Report

Notes/Explanations: (Unless denoted below, this report reflects information as reported in the service member's military record at the time of loss.)

- The "Grade" and "Rank" fields reflect the individual's pay grade and military rank as reflected by the military service; promotions awarded subsequent to the date of loss are appropriately reflected.
- The "Date of Death" field indicates the individual's date of death as determined by the individual Service Secretary. In the case of some individuals, this date was established by a Presumptive Finding Of Death (PFOD).
- The "Returned Date" field is the date the individual's remains were returned to the United States control. This date will be reflected only after a positive identification has been made.
- The "Status" field reflects the current classification of the individual as determined by the military branch of service. (KIA - Killed in Action; MIA - Missing in Action; POW - Prisoner of War; NBD - Non-Battle Death).

This list of Korean War missing personnel was prepared by the Defense Prisoner of War/Missing Personnel Office (DPMO).
